

# Handwashing Hero

I can describe how to wash our hands properly.

Design a superhero to help people wash their hands! Your superhero could help people remember to use soap when they wash their hands, or to dry their hands properly with a towel. Or they could remind people when to wash their hands, such as after going to the toilet or before eating food. Use the pictures on the images page to help you think of some ideas.

Superhero name

Super power:

How does your superhero help people wash their hands?
